Mr Neil Laurie
The Clerk of the Parliament
Parliament House
George Street
BRISBANE QLD 4000

Dear Mr Laurie

I refer to petition 4232-25, lodged with the Legislative Assembly on 20 May 2025 about improved bus routes to and from Burpengary East and North Harbour.

The provision of transport services to all areas of Queensland can be challenging. This is particularly the case in developing urban fringe areas, such as Burpengary East, where population levels, as well as road and bus infrastructure may not yet support the efficient delivery of public transport.

The Department of Transport and Main Roads (TMR) has been monitoring the ongoing development and population growth in the North Harbour estate and surrounding area. TMR recognises the significant level of development in this area. However, the provision of new bus services to such areas needs to be considered against priorities across the State.

TMR will continue to monitor growth in the North Harbour estate and surrounding area and identify potential public transport network improvements in line with competing priorities across the State and funding availability going forward.

I trust this information is of assistance.

Yours sincerely
